PLASTIC WALL GITTI

Wall Gitti are pin-like or dowel-shaped structures designed to fit into drilled holes, providing a firm grip for screws. Their purpose is to ensure screws are securely anchored within the wall. The wall plugs offered here boast exceptional geometric precision, thanks to their symmetrical and accurate design, providing a flawless and reliable fit every time.

We offer a complete choice of plastic wall plugs in size 25mm to 40mm, in both square and round models.
